RE: Samuel Davis
DOB: 8/7/1954

Dear Judge James C. Mahan:

I recommend that Samuel Davis be allowed to see a diabetic specialist for institution of insulin for his diabetes. He is on the maximum recommended of his oral diabetic medication and his diabetes is not controlled.

I have recommended that he be evaluated at the Humphrey's Diabetic Center to make the switch from oral medications to insulin. I also recommend that he continue in the care of Humphrey's until he is in a stable state.

Thank you for your consideration.

Sincerely,

Douglas M. Limford, D.O.
